## October 1999

### Welcome to another year at Basingstoke Camera Club.

As we head towards the Millennium  
who knows what will happen!!

Only one thing is for sure, as time ticks  
slowly, or not so slowly, on, is that the  
Millennium will soon be here.

How many of us have checked our  
computers for the dreaded Millennium  
Bug? All of us, probably.

But how will our cameras fair?? How  
many of our electronic kit will survive?

I don't know, but some people may be  
laughing longer than others! See the  
later article for the gist of what I mean!

Also included is the results of the first  
round of the Slide Competition.

-----  
You will by now have noticed a change  
of format of your beloved BCC News.  
A temporary state of affairs due to the  
overwhelming volume of contributions  
to the issue.

# Summer Exhibition

I am delighted to be able to report that the Summer Exhibition was a great success. Thanks to my intrepid band of helpers, the Exhibition was put up with great aplomb at Chineham Library on 21 August and taken down two weeks later with similar gusto! I was quite impressed by the results of the work, and it cannot have helped but be a good advert for the Club. Indeed, many favourable comments were made to the Library staff. So I would like to say a big thanks to all who helped make it such a success.

I have already approached the Librarian, Deborah ( a long time friend of this Club ) to see if we can book the same time next year....watch this space. Deborah also acted as a judge, and awarded the following places-

1st	Mike Farrow	Inverallie Bothy
2nd	Keith Polwin	Marbled White Butterfly
3rd	Brian Burwood	Geoff and Loco
